

Instal·lar l'Anki i les targetes

Com preparar la cosa

PAS 1

Descarregar l'Anki

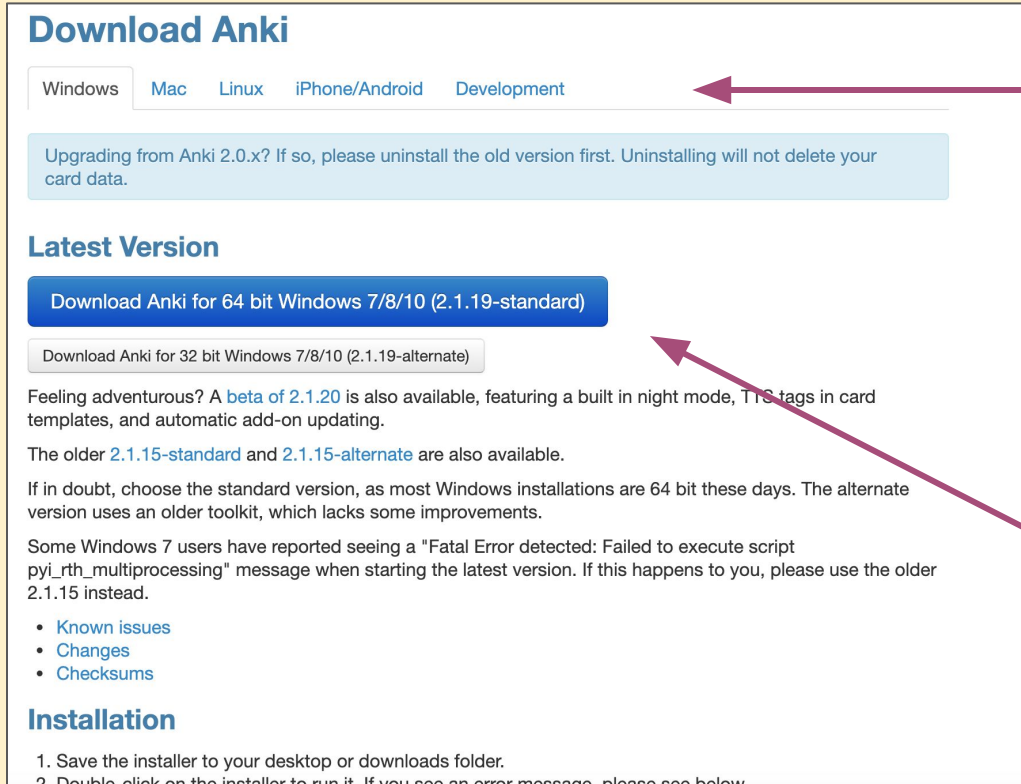

The screenshot shows the homepage of the Anki website. The browser address bar displays 'apps.ankiweb.net'. The website has a blue header with the 'Anki' logo and a navigation menu with 'Home', 'Docs', 'Support', and 'AnkiWeb'. The main content area features a dark blue background with the text 'Powerful, intelligent flash cards. Remembering things just became much easier.' and a prominent blue 'Download' button. Below this, there are three columns of text highlighting features: 'Remember Anything' (From images to scientific markup, Anki has got you covered.), 'Remember Anywhere' (Review on Windows, Mac, Linux, iOS, Android, and any device with a web browser.), and 'Remember Efficiently' (Only practice the material that you're about to forget.). At the bottom, there is an 'About Anki' section with a paragraph describing the program's efficiency and a quote from Michael A. Nielsen: 'The single biggest change that Anki brings about is that it means memory is no longer a haphazard event, to be left to chance. Rather, it guarantees I will remember something, with minimal effort. That is, Anki makes memory a choice.'

PAS 1

Descarregar l'Anki

The screenshot shows the Anki website's download page. At the top, there are tabs for 'Windows', 'Mac', 'Linux', 'iPhone/Android', and 'Development'. A purple arrow points to these tabs with the text 'Triar el trasto on el vols'. Below the tabs is a light blue box with text about upgrading from Anki 2.0.x. The 'Latest Version' section features a prominent blue button for 'Download Anki for 64 bit Windows 7/8/10 (2.1.19-standard)' and a grey button for 'Download Anki for 32 bit Windows 7/8/10 (2.1.19-alternate)'. A purple arrow points to the blue button with the text 'Descarregar'. Below the buttons, there is text about a beta version (2.1.20) and older versions (2.1.15-standard and 2.1.15-alternate). A list of links for 'Known issues', 'Changes', and 'Checksums' is provided. The 'Installation' section is partially visible at the bottom.

Download Anki

Windows Mac Linux iPhone/Android Development

Upgrading from Anki 2.0.x? If so, please uninstall the old version first. Uninstalling will not delete your card data.

Latest Version

Download Anki for 64 bit Windows 7/8/10 (2.1.19-standard)

Download Anki for 32 bit Windows 7/8/10 (2.1.19-alternate)

Feeling adventurous? A [beta of 2.1.20](#) is also available, featuring a built in night mode, TTS tags in card templates, and automatic add-on updating.

The older [2.1.15-standard](#) and [2.1.15-alternate](#) are also available.

If in doubt, choose the standard version, as most Windows installations are 64 bit these days. The alternate version uses an older toolkit, which lacks some improvements.

Some Windows 7 users have reported seeing a "Fatal Error detected: Failed to execute script pyi_rth_multiprocessing" message when starting the latest version. If this happens to you, please use the older 2.1.15 instead.

Installation

1. Save the installer to your desktop or downloads folder.
2. Double-click on the installer to run it. If you see an error message, please see below.

Descarregar targetes

The screenshot shows the AnkiWeb website interface. At the top, there is a browser address bar with the URL ankiweb.net/shared/decks/. Below the address bar is the AnkiWeb logo and a search bar with a blue 'Search' button. The main content area is divided into two sections: 'Popular categories Languages' and 'Art, sciences and trivia'. The 'Languages' section lists various languages in blue text: Arabic, Chinese, English, French, German, Hebrew, Japanese, Korean, Russian, and Spanish. The 'Art, sciences and trivia' section lists various subjects in blue text: Anatomy, Biology, Chemistry, Geography, History, Law, Math, Music, Pathology, and Physics. Below these sections, there is a message: 'Can't find what you're looking for? Try a search!' and a link to share decks: 'To share your own decks, please see [here](#).' A red arrow points from the search bar to the 'Buscar la temàtica' text on the right side of the slide.
